

Electronic Prescription Service

Prescription Service which allows you to choose or “nominate” a pharmacy to get your medicines or appliances from. Your GP then sends your prescription electronically to the place you have nominated, this means:

- If you collect your repeat prescriptions from your GP you will not have to visit your GP practice to pick up your paper prescription, saving you time.
- You will have more choice about where to get your medicines from because they can be collected from a pharmacy near to where you live, work or shop.
- You may not have to wait as long at the pharmacy as your repeat prescriptions could be prepared before you arrive.
