How the Parish Council is helping

Data collection is important as the first step to stopping speeding through villages. It enables resources to be targeted for more effective use. The Parish Council assist in the collection and dissemination of this data, see below for latest data showing speeding levels in Mendip to February 2019.

Community SpeedWatch Monthly Report Sessions up to February 2019

Volunteering for Community Speedwatch

The success of CommunitySpeedWatch Schemes relies on local volunteers willing to participate to help keep their communities safer.

All our schemes welcome new volunteers, for further information please contact your parish councillor for the area.
